**BETTER TO PREVENT
A WAR....!**

To protect peace with Cuba, we in the No War on Cuba Movement are asking you to make a commitment now - to oppose any US military attack on Cuba.

After 40 plus years of US overt and covert assaults on Cuba, we are asking for your commitment to strengthen the opposition to the US attacking Cuba and launching another war.

Organizations united in declaring their commitment against a US war on Cuba with public awareness and opposition, and make sure it never happens!

In these times of “preemptive war,” we must speak out and take the position that the US government must not be allowed to launch military attacks on Cuba!

The Goals of this Campaign are:

- **To make the idea of overt war on Cuba unacceptable to the general public.**
- **To build a public unity of opposition to the US war on Cuba.**
- **To help prevent such a war from happening.**

So now, we are asking you and your organization to: take a firm position against US attacks on Cuba - support the opposition to ongoing assaults on the sovereignty of Cuba - support normalization of relations, - accept the legitimate existence of the Cuban state and culture - make known the principled positions of so many organizations on the Cuba sovereignty and peace issue..
